Dear Community,

We have completed the Community Clean Up Program schedule for the upcoming year. We have scheduled dumpsters in your neighborhood on MARCH 21-23, 2000. They will be delivered between 8:00 a.m. and 2:00 p.m. on MARCH 21, 2000, and picked up between 8:00 a.m. and 12:00 p.m. on MARCH 23, 2000.

Please complete the enclosed Program Agreement and return it by February 18, 2000. The Mailing List Update on the back of the Program Agreement is especially important. Please be sure to provide all requested information, and print clearly.

The Community Clean Up Program Rules and Responsibilities are enclosed for your information and review. To help us ensure that your Community Clean Up runs smoothly, please feel welcome to distribute this information to your neighbors prior to the date of your Clean Up. If you have any questions, or need further information, please contact Cheryl Stansbury at 410/222-6100 ext. 3008. Thank you.

Very truly yours,

Timothy Cluney

COMMUNITY CLEAN UP PROGRAM
RULES AND RESPONSIBILITIES

COUNTY RESPONSIBILITIES

1. Deliver dumpsters between 8:00 a.m. and 2:00 p.m. on the first day of the Clean Up.
2. Check on the dumpsters daily.
3. Remove unacceptable material from the dumpsters.
4. Remove dumpsters if there is a violation. (See below)
5. Remove dumpsters between 8:00 a.m. and 12:00 p.m. on the last day of the Clean Up.
6. Maintain Community Representatives' mailing list.

COMMUNITY RESPONSIBILITIES

1. Select a reasonable location for the Community Clean Up. The selected location must allow access by a very large truck, including room to turn around. Very narrow roads, low bridges or overhead wires will present problems. Areas that become muddy when it rains will also cause problems. We cannot place dumpsters on public roads, thoroughfares, cul-de-sacs, parking areas, or in any other location that might impede traffic. The property that will be used for the Community Clean Up may suffer minor damage (wheel tracks, ruts, dead vegetation, etc.) from delivering and picking up dumpsters, and by people unloading waste. The Community is responsible for making any arrangements with the property owner.
2. Monitor the dumpsters to ensure that they are not overloaded (things sticking out of the top or preventing the door from closing) and that no unacceptable material is placed in them. Removal of any material left after the Clean Up is over will be the responsibility of the community. The Community will also be responsible for directing traffic during the Clean Up, if necessary.
3. Call us at 410/222-6100, ext. 3008 during the week or at 410/222-6177 ext. 3013 on weekends if there is a problem, or the dumpster is full. Requests to replace a full dumpster with an empty one must be made between 8:00 a.m. and 12:00 p.m. We cannot guarantee that we can bring an empty dumpster to your community if your request is received after 12:00 p.m.

VIOLATIONS

1. **Overloading.** It is unsafe for us to transport a dumpster that has material sticking out of the top, or if the door won't close properly. If the dumpsters become overloaded, we will dump enough material on the ground to allow safe transport, and we will remove the dumpsters from your Clean Up.
2. **Allowing unacceptable material in the dumpsters.** Certain materials require special disposal, and therefore cannot be accepted in a dumpster.

UNACCEPTABLE MATERIAL
